

### Action Menu Ellipsis Button

The data list may be further expanded by clicking on the ellipsis, as seen in **FIGURE ERROR! No text of specified style in document.-1**. This *Action Menu* provides the end-user the ability to perform certain tasks on the data points within the data list.

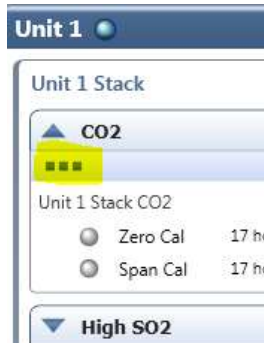

Figure Error! No text of specified style in document.-1 Action Menu Collapsed

Clicking on the ellipsis will further expand the data item, as seen in **FIGURE ERROR! No text of specified style in document.-2**, to reveal the action menu. In this example, the data item expands to give the end-user additional access to place the Instrument In or Out of Service, start a probe purge, run an Auto-Cal, or manually control cylinder gas injection.

Figure Error! No text of specified style in document.-2 Action Menu Expanded

Clicking the ellipsis again will collapse the data item action menu.
