## LOG FILES

In some circumstances, a log file may need to be downloaded and emailed to *Spectrum Systems, Inc.* for troubleshooting assistance.

To obtain and send the file to Spectrum System, Inc., perform the following steps.

1. Open Windows File Explorer and type *%localappdata%* into the location box.

2. Hit *Return*.

3. Click on the *Spectrum Systems* folder, then on the *SpectraView® Prism* folder.

4. Select the MainApplication-log.txt file and email the file to Spectrum Systems, Inc.

Name	Date modified	Type	Size
